Franklin gets a taste of Coffee Guru

One of Australia's fastest growing coffee chains, Coffee Guru is rapidly expanding in the ACT with the opening of a new store in Franklin last week.

The Australian owned company opened its doors to Franklin locals, offering a premium coffee blend and delicious food options at the Franklin Local Centre.

Coffee Guru General Manager Daniel Gallo said he believes the store will be a place for locals and visitors to meet and enjoy outstanding service and food.

"The store has had a brand new fit out and all the staff are extremely excited to be part of the Coffee Guru team. The new store design creates a relaxing environment which is perfect for a solo retreat or getting together with friends."

"Franklin is an area that we want to be a part of for years to come, by building ties with the community, providing excellent service and quality products."
